

Minutes of Meeting: Fully Dressed Use Cases, Storyboard Mockups, and GitHub Documentation

Date: August 5, 2026

Time: 11:30 AM – 3:30 PM

Location: Cafeteria

Presiding: Team

Attendees: Joshmar Clavero, Joshua Concepcion, Rei Khalil Galido, Roman Rico Albania (Secretary)

1. Requirements Documentation & System Design

- **Fully Dressed Use Cases:** The team initiated the creation of fully dressed use case descriptions to provide comprehensive operational details for each system feature.
- **Use Case Modules:** Specific use case modules were structured for every "manage" component present in the current use case diagram.
- **Storyboard Mockups:** Design work commenced on storyboard mockups to visually map out user interactions and interface flows.

2. Repository & Task Tracking

- **GitHub Issues:** The team actively worked through and closed open GitHub issues deliverables to maintain project tracking.

Action Items & Deliverables

Task	Assigned To
Draft fully dressed use case descriptions for all system features	All Members
Map out and write use case modules corresponding to each "manage" function in the diagram	All Members
Complete initial storyboard mockups for user interaction flows	Team
Update and resolve assigned documentation issues on GitHub	Team
