**Minutes of Meeting: Deployment & Code Diagrams, SRS Setup, and LiveShare Collaboration**

**Date:** November 9, 2026

**Time:** 10:00 AM – 3:00 PM

**Location:** Onsite

**Presiding:** Team

**Attendees:** Joshmar Clavero, Joshua Concepcion, Rei Khalil Galido, Roman Rico Albania

**1. System Architecture & Diagrammatic Modeling**

- **Diagram Execution:** The team initiated the design phase for both the Deployment Diagram and the Code Diagram to model physical infrastructure and system structure.

**2. Software Requirements Specification (SRS) & File Management**

- **SRS Documentation:** Drafting commenced on the formal Software Requirements Specification (SRS) document.
- **Repository & Course File Cleanup:** The team carried out file organization and updates to resolve and align previous MSYADD1 course files.

**3. Collaborative Development Setup**

- **GitHub LiveShare:** Real-time collaborative sessions were established using GitHub LiveShare to facilitate concurrent documentation and code updates.

**Action Items & Deliverables**

| **Task** | **Assigned To** |
|---|---|
| Complete initial drafts of the Deployment Diagram and Code Diagram | Team |
| Draft SRS modules following functional and non-functional requirements guidelines | Team |
| Clean up and update remaining MSYADD1 course files in the repository | Team |
| Maintain collaborative progress via GitHub LiveShare sessions | Team |
